- Teamwork

ABOUT ME

I am a highly skilled and motivated web developer with several years of experience building user-friendly, modern websites. With a strong background in HTML, CSS, JavaScript, and various web development frameworks, I have the technical expertise required to turn your vision into a reality, I am highly organized, and I take pride in my ability to meet deadlines and manage multiple projects at once.

WORK EXPERIENCE

2022-2023

Full E-Commerce Application
FULL STACK
Using my expertise in web development and e-commerce platforms, I built the website using modern technologies such as React, JavaScript, and CSS. The website was optimized for speed and performance, ensuring that customers could browse and purchase products quickly and efficiently.

2022

To Do Application
FRONT-END
I worked on this project designing and developing a Todo App using React, a powerful JavaScript library. The Todo App was designed to help users manage their daily tasks and improve.

2022

Movies List Website
FRONT-END
In this project I integrated the website with a third-party API, allowing users to access up-to-date information about their favorite movies.
